

Worcestershire County Open 2015

Sadly entries were well down this year, hopefully this is not an ongoing trend, though many of us are of an age when it gets more difficult to keep going, more young blood is needed.

The weather was reasonable, dry but a little windy, which made getting good scores a difficult achievement. However, as usual some made it look easy at times.

As always I have to thank those who help to make the meeting a success, Dave Hargreaves for helping me run the range, Alan Jennings and Keith Bates scoring and Pam and Karen Webber keeping people supplied with refreshments.

Also I give grateful thanks to Bromyard for the use of the range, which was, as always, set up ready for us to use on the day.
